**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have been a very, very happy member of Sonic.net since March 10, 2003. This is due to the local and very supportive technicians who keep things running smoothly. Those benefits were part of why I joined this ISP. However, the ability to keep my AT&T service was an added plus. I have always had AT&T local and long distance service.

Thus I am appalled that you are proposing to strip away benefits, increase cost. Are you serious? Is there no reward for loyalty any more? Why are you afraid of innovation and net neutrality. Shamefull!!

Question: do you have fibre optic service? I'd be stunned if you don't. What is your problem with other have that benefit?!

We are not going away. We will continue to fight for net neutrality, for innovation, for competition. You have been warned.
